Kane is a full-service, asset-based, ISO 9002 certified, third-party logistics provider for the entire Northeastern United States. Started in 1930, we are a family-owned and professionally managed company with over 5 million square feet of warehousing space, offering customers a single source solution for transportation, distribution, packaging, cross-docking, load consolidation, inventory management, and real estate development. Our logistics services focus on supply chain management services for outsourcing with extensive experience for contract manufacturing and packaging services. Kane offers customers a diverse list of transportation options, including consolidation of LTL orders with scheduled deliveries, full truckload service, import export container service, and an intermodal ramp on site for long-haul transportation.
