Strut your stuff

## Raymond® Mechanical Spring Struts

Durable, dependable, clean and consistent, Raymond® Mechanical Spring Struts are ideal for hoods and other lid applications. Made of stainless steel, Raymond Struts have no internal gases or seals. They do not leak - unlike conventional gas or pneumatic springs. Contact Associated Spring-Raymond, 1-800-458-0867 or visit [www.asraymond.com](http://www.asraymond.com).

## ENGINE OIL DRAIN VALVE

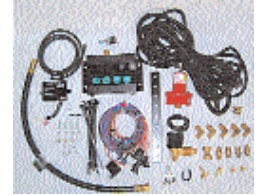

Engine Oil Drain Valve is a quick release brass ball valve that replaces a standard crankcase oil drain plug. Install this valve and you can drain your engine oil without tools and without mess. Simply turn the lever to drain oil. Fumoto Engineering of America (425) 869-7771
