SUPPLEMENTARY INFORMATION: A

typographical error and a crossreference error were introduced as part of the March 31, 2014, Federal Register document published at 79 FR 17911. Specifically, a period is missing between two sentences in 47 CFR 79.1(a)(11), and a cross-reference to 47 CFR 79(k)(4) in 47 CFR 79.1(k)(2)(xviii) is being corrected to cross-reference 47 CFR 79.1(k)(3). In addition, three crossreference errors were introduced as part of the August 23, 2016, Federal Register document published at 81 FR 57473. Specifically, cross-references in 47 CFR 79.1(g)(9)(ii), (iii), and (iv) incorrectly cited to § 79.1(g)(8)(i) and (ii) of the Commission's rules; these citations are being corrected to cross-reference § 79.1(g)(9)(i) and (ii) of the Commission's rules.

List of Subjects in 47 CFR Part 79

Final Rules

Accordingly, 47 CFR part 79 is corrected by making the following correcting amendments:

PART 79—ACCESSIBILITY OF VIDEO PROGRAMMING

■ 1. The authority citation for part 79 continues to read as follows:

Authority: 47 U.S.C. 151, 152(a), 154(i), 303, 307, 309, 310, 330, 544a, 613, 617.

■ 2. Amend § 79.1 by revising paragraphs (a)(11), (g)(9)(ii), (iii), and (iv), and (k)(2)(xviii) to read as follows:

§ 79.1 Closed captioning of televised video programming.

(a) * * *

(11) Video programming distributor. Any television broadcast station licensed by the Commission and any multichannel video programming distributor as defined in § 76.1000(e) of this chapter, and any other distributor of video programming for residential

reception that delivers such programming directly to the home and is subject to the jurisdiction of the Commission. An entity contracting for program distribution over a video programming distributor that is itself exempt from captioning that programming pursuant to paragraph (e)(9) of this section shall itself be treated as a video programming distributor for purposes of this section. To the extent such video programming is not otherwise exempt from captioning, the entity that contracts for its distribution shall be required to comply with the closed captioning requirements of this section.

* * * (g) * * * (9) * * *

(ii) Corrective action plan. If, after the date for a video programming distributor or video programmer to respond to a notification under paragraph (g)(9)(i) of this section, the Commission subsequently notifies the video programming distributor or video programmer that there is further evidence indicating a pattern or trend of noncompliance with the Commission's rules for quality of closed captioning, the video programming distributor or video programmer shall submit to the Commission, within thirty (30) days after the date of such subsequent notification, a written action plan describing specific measures it will take to bring the video programming distributor's or video programmer's closed captioning performance into compliance with the Commission's closed captioning quality rules. In addition, the video programming distributor or video programmer shall conduct spot checks of its closed captioning quality performance and report to the Commission on the results of such action plan and spot checks 180 days after the submission of such action plan.

(iii) Continued evidence of a pattern or trend of noncompliance. If, after the date for submission of a report on the results of an action plan and spot checks pursuant to paragraph (g)(9)(ii) of this section, the Commission finds continued evidence of a pattern or trend of noncompliance, additional enforcement actions may be taken, which may include admonishments, forfeitures, and other corrective actions.

(iv) Enforcement action. The Commission may take enforcement action, which may include admonishments, forfeitures, and other corrective actions, without providing a video programming distributor or video programmer the opportunity for an initial response to a pattern or trend of noncompliance or a corrective action plan, or both, under paragraphs (g)(9)(i) and (ii) of this section, for a systemic closed captioning quality problem or an intentional and deliberate violation of the Commission's rules for the quality of closed captioning.

* * * * * (k) * * *

(2) * * *

(xviii) Ensure that all contracted captioners adhere to the Real-Time Captioners Best Practices contained in paragraph (k)(3) of this section.

SUPPLEMENTARY INFORMATION:

Background

On May 27, 2022, FMCSA issued a declaration that the Nation's ongoing response to the COVID–19 national emergency warrants an extension and amendment of Emergency Declaration No. 2020–002. The extension and amendment of the Emergency Declaration continued the relief from

certain requirements in 49 CFR part 395 of the Federal Motor Carrier Safety Regulations for interstate motor carriers and drivers operating in the 50 States and the District of Columbia. The extension of the emergency declaration issued on May 27, 2022, expired on August 31, 2022.

FMCSA first issued Emergency
Declaration No. 2020–002 in response to
the March 13, 2020, declaration of a
national emergency under 42 U.S.C.
5191(b) related to COVID–19, and the
immediate risk COVID–19 presented to
public health and welfare. FMCSA
subsequently modified Emergency
Declaration No. 2020–002 concerning
the categories of supplies, equipment,
and persons covered by the Emergency
Declaration to respond to changing
needs for emergency relief.

The May 27, 2022, announcement explained that the continuation of the exemption and associated regulatory relief in accordance with 49 CFR 390.25, was necessary because the presidentially declared emergency remains in place, persistent issues arising out of COVID–19 continue to affect the U.S. including impacts on supply chains, and nationwide reporting continues to demonstrate substantial ongoing use of the regulatory relief under Emergency Declaration No. 2020–002.

With the August 31, 2022, announcement, the Agency extended the modified Emergency Declaration No. 2020–002 as amended on May 27, 2022, such that subject to the restrictions and conditions set forth in the declaration motor carriers and drivers providing direct assistance in support of relief efforts related to the COVID-19 public health emergency are granted emergency relief from 49 CFR 395.3, maximum driving time for propertycarrying vehicles. Direct assistance means transportation and other relief services provided by a motor carrier or its driver(s) incident to the immediate restoration of essential services (such as medical care) or essential supplies during the COVID-19 emergency.

The extension of the modified Emergency Declaration No. 2020–002 provides regulatory relief for commercial motor vehicle operations providing direct assistance in support of emergency relief efforts related to COVID–19 and is limited to transportation of: (1) livestock and livestock feed; (2) medical supplies and equipment related to the testing, diagnosis, and treatment of COVID–19; (3) vaccines, constituent products, and medical supplies and equipment including ancillary supplies/kits for the administration of vaccines, related to

the prevention of COVID-19; (4) supplies and equipment necessary for community safety, sanitation, and prevention of community transmission of COVID-19 such as masks, gloves, hand sanitizer, soap, and disinfectants; (5) food, paper products, and other groceries for emergency restocking of distribution centers or stores; and (6) gasoline, diesel, diesel exhaust fluid, jet fuel, ethyl alcohol, and heating fuel including propane, natural gas, and heating oil. Direct assistance does not include non-emergency transportation of qualifying commodities or routine commercial deliveries, including mixed loads with a nominal quantity of qualifying emergency relief added to obtain the benefits of this emergency declaration. To be eligible for the exemption, the transportation must be both (1) of qualifying commodities and (2) incident to the immediate restoration of those essential supplies.

Request for Comments

FMCSA believes the emergency declaration and subsequent extensions have provided the transportation industry essential regulatory relief in supporting the Nation's efforts to address the challenges associated with responding to the COVID-19 emergency. Since September 2021, FMCSA has requested that motor carriers operating under the emergency declaration report certain information to the Agency. This information included the number of trips conducted under the declaration and the commodities transported. Based on a review of the carriers' self-reported information, the primary categories of commodities transported under the declaration are: food, paper products and other groceries for emergency restocking of distributions centers or stores; and livestock and livestock feed. Two categories which have seen the usage between October 2021 and July 2022 decrease by almost 50 percent are: medical supplies and equipment related to the testing, diagnosis, and treatment of COVID-19; and supplies and equipment necessary for community safety, sanitation, and prevention of community transmission of COVID-19.

The Agency seeks public comment on the usage of the emergency declaration for the covered products. Specifically, if the usage is fit for the intended purpose of the limited relief. Commenters are encouraged to share with the Agency the source of the data or information and provide recommendations on additional actions the Agency should consider in monitoring the use of the declaration. Further, any data or information the Agency should use in

determining whether continued extension or modification of the declaration is needed. The Agency also seeks public comment on the safety and $% \left\{ 1,2,\ldots ,n\right\}$

supply chain impacts of the emergency declaration.

Robin Hutcheson,

 $Deputy \ Administrator.$
