## **Mack Trucks, UAW Reach Tentative Agreement**

**GREENSBORO, NC** (Oct. 2, 2023) – Mack Trucks today announced that it reached a tentative agreement with the United Auto Workers union on a new five-year contract covering about 3,900 employees at facilities in Pennsylvania, Maryland and Florida.

“The terms of this tentative agreement would deliver significantly increased wages and continue first-class benefits for Mack employees and their families,” said Mack President Stephen Roy. “At the same time, it would allow the company to successfully compete in the market, and continue making the necessary investments in our people, plants and products.”

The agreement must now be ratified by UAW members. Ratification meetings will be scheduled by the UAW.

Dedicated to durability, reliability and meeting the needs of customers, Mack Trucks has provided purpose-built transportation solutions for more than a century. Today, Mack is one of North America’s largest producers of heavy-duty trucks, and Mack® trucks are sold and serviced through an extensive distribution network in more than 45 countries. Mack trucks, diesel engines and transmissions sold in North America are assembled in the United States. Mack manufacturing locations are certified to the internationally recognized ISO 9001 standard for quality, ISO 14001 standard for environmental management systems and ISO 45001 standard for health and safety management systems. Mack is also a proud sponsor of Share the Road, an American Trucking Associations public information campaign aimed at enhancing the safety of our nation's roadways.

Mack Trucks is part of the Volvo Group, which is driving prosperity through transport and infrastructure solutions, offering trucks, buses, construction equipment, power solutions for marine and industrial applications, financing and services that increase customer uptime and productivity.
